

Here's How It Works:

There will be a total of 45 teams. Each team has 4 players and a designated driver. Each team is given a burgee to display on their boat identifying them as a player. There are 9 locations with floating targets. Each player gets 2 shots (with the option to buy mulligans – max. 5 per player) at a floating target positioned at varying distances from the tee. The golf balls are biodegradable and are completely dissolved after 96 hours.

The entry fee gets each player and the designated driver:
